 Master Tour Rider 6748 & 6747  
 Chapter N2 - Humble, TX

We made it - feels like the hot weather is on its way out of here!! Now that the weather is starting to cool down it is time to get on our motorcycles and hit the road. The first thing we are going to do this month is hold a maintenance day at Jim and Lynn

Flournoy's home. Maintenance is not only an essential part of motorcycle ownership, it can make the difference between safe riding and getting stranded--or worse, taking a spill. This is the time to check your bike for any leaks in the fuel, oil, brake or coolant systems, check the tire pressure and that all lights operate properly. Also, inspect the tires for punctures and tread wear. Any signs of damage or excessive wear should warrant a replacement. Once this all done we will be ready to ride and get out to enjoy the fall weather.

## 2010 COUPLE OF THE YEAR

Rex & Ann Nix

Master Tour Rider 4167 & 5964

Chapter N2 - Humble, TX

What does a Couple of the Year do? We greet folks new and old, not speaking for anyone in particular about the old part. We welcome everyone, male, female, child, or Martian. We help with chapter functions doing organizing (*please don't tell anyone how bad I am at that*). We help set up party decorations. We represent the chapter at functions. We try to have fun, and I try not to embarrass my sweetheart of 39 years.

We also help set up various functions for the chapter, nothing big. Ann and I like camping, so we are embarking on a camping trip Thanksgiving weekend. Thursday is for you and your family. Friday and Saturday is for you and your family and friends.

This year we will be camping at Sandy Creek Park. It is located on the southeast side of B.A. Steinhagen Lake. Web address is <http://www.recreation.gov/campgroundDetails.do?contractCode=NRSO&parkId=71407>

I have two sites rented, # 23 and #24. We can get 8 people and 2 vehicles on each site. If more folks come, you will need to set up your own arrangements. We will have games, games, and more games. We will have camp food, hopefully, edible. We will have whatever drinks each person brings. Cooking will be done in the morning and evening. I suggest we do sandwiches for lunch.

I heard there are fish in the lake. And I heard there are gators on the other side of the road. There are also a couple of shelters, but they go fast.

The chapter gathering will be costume oriented, so break out your best replacement fangs, that long black robe, those crazy hairpieces, and a fish net hose to spice things up. Lets have a real BOO of a time. Lastly, I would like everyone that attends the campout to pick a theme for their site and dress it up a bit. Let's have some fun with it. Actual living farm animals are not allowed. Dogs and cats are, but must be leashed.

Have fun everyone. Hug someone you love.

**Courteous Riding**

As motorcycle riders, we have to share the road with 4-wheelers (cars) just like they have to share the road with us. Challenging a car on a merge is a no win situation for everyone involved. You might get lucky and win one or two of the battles, but there is no guarantee that you will win them all. When riding in traffic, it is imperative that you ride proactive and reactive. When coming to a merge of lanes, if you are farther back in the merge from a vehicle, slow down and let the car enter the lane. If you speed up and cut off the car, you put not only yourself at risk, but you also put a co-rider (if you have one) and any other motorcycle riding in your group at risk. It is much easier just to let the car enter the lane in front of you and proceed with your ride until the car leaves your group. Most cars will not stay in the middle of a group of motorcycles and will exit at first chance. Being aggressive while riding promotes road rage and we all know that any time a motorcycle goes up against a car, they will lose.

Road rage today is not like it used to be. People these days would rather run you over or even pull a gun and shoot you rather than yell obscenity's and give physical gestures. We've all been in situations where we might be in a hurry and drive

a little more aggressive, but riding a motorcycle has a bit more responsibility than driving a car. You have to really pay closer attention to what's around you and ride accordingly. The motorcycle community already has a bad name and, we as a group, need to do whatever we have to do to change people's minds. People in cars are starting to come around a little bit more now. They don't really have much of a choice as there are more motorcycles on the road today than ever before.

Being a courteous rider can go along way. If you let someone over in front of you that means they see you and you can see them. If at a four way stop, a car and you arrive at the same time, wave for them to go ahead that way you know there is no more traffic and you can continue on without worry. And at the same time, you have told the people in the cars that you are a courteous rider. So lets be nice and share the road and, just maybe, they will share the road with us.

And remember make your smile change the world...but don't let the world change your smile!

## TEXAS HONOR RIDE

The Texas Honor Ride Fundraiser on September 25, 2010, is now history. The weather held out and we got a great day with lots of sunshine (and some heat too). Approximately 250 bikes went on the ride, including law enforcement bikes. We had 29 vehicles in the car and bike show. There were lots of great items that sold in our live auction and we had a huge number of fantastic items in the silent auction. We served 500 really tasty BBQ sandwiches and then some BBQ beef plates, when the buns ran out, due to the large number of people present. The Apache helicopter was a big hit as usual. Our preliminary counts show that we took in a total of \$30,000 for the day. Best of all, the wounded warriors from BAMC had a really great time.

I don't know where to begin thanking all the people who helped make this 5th Anniversary Texas Honor Ride Fundraiser the huge success that it was. So I will just say THANK YOU! Thank you to all the THR Committee members who work hard all year. Thank you to all the volunteers who helped set up at the church on Friday. Thank you to all the volunteers who worked extremely hard on the day of the ride and then helped clean up after the event. Thank you to the Blue Knights for escorting the ride. Thank you to all the donors of both cash and merchandise. Thank you to West Conroe Baptist Church for hosting the ride. And thank you to everyone who attended and participated in the ride and fundraising event. Without all of your help and participation, the Texas Honor Ride could not happen.

### Education Weekend

*October 16 - 17*

Killeen Civic and Conference Center

3701 S W S Young Dr.

Killeen, TX 76549

Texas District is offering two very special events at Education Weekend.

The first event is Region H Rider Education Director will be holding a Seminar Presenters Development Program on Sunday. This program is for all GWRRA members who are interested in becoming Seminar Presenters. Texas is in need of Seminar Presenters. We are a large area and the few presenters we have are being spread thin at times. We need an influx of new presenters. Join me in class and learn about what GWRRA wants us to share with the members. PREREGISTRATION IS A MUST!!!

The second special event is Region H Director, Harry Dollarhide, is coming to Killeen to instruct a Trailering Course. He is a Master Instructor and has offered to conduct an Instructor Course Program that will provide Texas District with some trailering instructors. I feel this is a very special and important opportunity for all members since so many of us are trailer owners. Towing a trailer adds a whole new dimension to motorcycling, one that we may not be as prepared for as we would like to think. Take advantage of having Harry in Texas to help us to become better and safer motorcycle riders.

- 4 boneless, skinless chicken breasts
- 1 c. sliced onions
- 1 c. sliced mushrooms
- 1 tsp. hickory smoke flavor (found on condiments aisle)
- 3 T. butter or margarine
- 4 to 8 slices provolone cheese
- 4 slices cooked bacon

#### Chicken Marinade Recipe

- 1 tsp. basil leaves
- 1 T. garlic powder
- 3 T. hickory smoke flavoring
- 1/4 c. white cooking wine
- 1/4 c. vegetable oil
- 1/2 tsp. salt
- 1/2 tsp. black pepper
- 2 T. vinegar

#### Directions

Combine all ingredients in a bowl. Marinade meat in covered bowl or plastic bag for at least 2 hours. Marinate chicken as shown above or follow directions on package if using pre-packaged marinade. While chicken is marinating, slice onions and mushrooms and cook your bacon. Sauté mushrooms and onions in butter and hickory smoke flavor for 3 to 5 minutes or until onions are transparent but not brown and mushrooms are tender. Remove chicken from marinade, and grill for about 10 minutes. Do not overcook chicken. While grilling, preheat oven on broil. After chicken is done, remove from grill and place in a shallow baking dish. Cover each breast with a strip of bacon, then provolone cheese, then some sautéed onions and mushrooms. Broil for 3 to 5 minutes or until cheese is bubbly.

### Olive Garden Toasted Ravioli Recipe

#### Ingredients

- 1-16 oz. pkg. meat-filled ravioli (fresh or frozen, unthaw if frozen)
- 2 eggs, beaten
- 1/4 c. water
- 1 tsp. garlic salt
- 1 c. flour
- 1 c. bread crumbs plain
- 1 tsp. Italian seasoning

#### Directions

Mix water with eggs and beat well, set aside. Mix Italian seasonings and garlic salt with the bread crumbs and set this aside. Measure flour in bowl and set aside. Heat vegetable oil in skillet to 350 degrees for deep frying. Dip ravioli in flour then in the egg wash then in bread crumbs and carefully place in hot oil. Fry until golden, remove from oil and drain. Serve with you favorite marinara sauce. Yield: 4-6 servings

### Applebee's Santa Fe Stuffed Chicken Recipe

#### Ingredients

- 8 skinless, boneless chicken breasts
- 1 (8 oz. or larger) package Monterey jack cheese,
- 1/2 c. butter, melted
- 1 c. Italian seasoned bread crumbs
- 1 1/2 T. grated Parmesan cheese
- 1/2 tsp. salt
- 1/2 tsp. ground cumin
- 1/2 tsp. ground black pepper
- 1 small red bell pepper
- 1 small green bell pepper

#### Directions

Cut some of the cheese into 8 slices and reserve part of it for the cheese sauce. Place one chicken breast between two sheets of wax paper. Working from the center to the edges, pound with a meat mallet until flat and rectangular shaped. Repeat with remaining breasts. Wrap the flattened chicken breasts around cheese. Secure with wooden picks or uncooked spaghetti noodles. Combine the bread crumbs, Parmesan cheese, salt, cumin, and pepper. Roll the secured chicken pieces in the melted butter and then in the bread crumb mixture. Place chicken breasts in a 13 x 9-inch baking dish, but don't crowd them. Drizzle the remaining butter over all eight of the breasts. Refrigerate for 1 hour or freeze to bake later (baking time will be increased by about 5 to 10 minutes). Bake in a preheated 400 degree oven for 25 to 30 minutes or until chicken is done. Make a roux with butter and flour. Add about 1 cup milk. Bring to a simmer. Add cheese and lower the heat, stirring constantly, so cheese does not burn. Add more milk as needed to thin out the cheese sauce. Dice bell peppers. When chicken is done, pour some cheese sauce over top and sprinkle with diced peppers.

### Olive Garden's Capellini Primavera Recipe

- 1 1/2 c. water
- 1 T. beef bouillon granules
- 1/4 c. sun-dried tomatoes, oil-packed, minced
- 1 1/4 c. crushed tomatoes in puree

- 1/4 tsp. dried rosemary
- 1/8 tsp. crushed red pepper flakes
- 1 lb. fresh angel-hair pasta
- 1/2 c. grated Parmesan cheese

#### Directions

Melt butter in Dutch oven over medium heat. Sauté onions, carrots, and broccoli in butter 5 minutes. Add mushrooms, squash, and garlic. Sauté 2 minutes. Add all remaining ingredients except pasta and cheese; stir well. Bring to simmer, then cook 8-10 minutes or until vegetables are tender and flavors are well blended. Serve over cooked angel hair pasta. Top with Parmesan cheese. Yield: 4-6 generous servings

### KFC's Mac and Cheese Recipe

#### Ingredients

- 6 c. water
- 1 1/3 c. elbow macaroni
- 4 oz. Velveeta cheese
- 1/2 c. shredded cheddar cheese
- 2 T. whole milk
- 1/4 tsp. salt

#### Directions

Bring water to a boil over high heat in a medium saucepan. Add elbow macaroni to the water and cook it for 10-12 minutes or until tender, stirring occasionally. While the macaroni is boiling, prepare the cheese sauce by combining the remaining ingredients in a small saucepan over low heat. Stir often as the cheese melts into a smooth consistency. When the macaroni is done, strain it and then pour it back into the same pan, without the water. Add the cheese sauce to the pan and stir gently until the macaroni is well coated with the cheese. Serve immediately while hot. Yield: 3 servings

### GAME NIGHT

Friday, October 1

6:00 p.m.

American Legion Hall  
307 Charles Street  
Humble, TX

The concept of our monthly game night originated as a group activity that could take place within the chapter--rain or shine or hot or cold. Let's face it, not every month of the year provides ideal riding weather, depending on where you reside. It has become a favorite event within our chapter. Come join us for fun, fellowship, and food. Bring a snack to share...most of the time our spread is equivalent to a sit down meal...ha. Game Night is a fun way to "tax" your brain in a good way!

### MAINTENANCE DAY

Saturday, October 2

8:30 a.m.

@ Jim & Lynn Flournoys' house  
(25378 Goodson Rd., Splendora 77372)

The Flournoys will have coffee, juice, and donuts for the early arrivals. Lunch will be a potluck meal, so bring a dish to share. Plans are to eat around 11:30 a.m. or when everyone is ready. Water will be provided. Bring any fluids, etc., to be changed as well as parts to be mounted, checked, etc. If your bike requires no maintenance, come anyway to help others or just to visit.

### Chapter Breakfast @ Skeeter's Mesquite Grill

## Tools Explained

**DRILL PRESS:** A tall upright machine useful for suddenly snatching flat metal bar stock out of your hands so that it smacks you in the chest and flings your beer across the room, denting the freshly-painted project, which you had carefully set in the corner where nothing could get to it.

**WIRE WHEEL:** Cleans paint off bolts and then throws them somewhere under the workbench with the speed of light. Also removes fingerprints and hard-earned calluses from fingers in about the time it takes you to say, 'Oh \*@&\*!

**SKILL SAW:** A portable cutting tool used to make studs too short.

**PLIERS:** Used to round off bolt heads. Sometimes used in the creation of blood-blisters.

**BELT SANDER:** An electric sanding tool commonly used to convert minor touch-up jobs into major refinishing jobs.

**HACKSAW:** One of a family of cutting tools built on the Ouija board principle. It transforms human energy into a crooked, unpredictable motion, and the more you attempt to influence its course, the more dismal your future becomes.

**WISE-GRIPS:** Generally used after pliers to completely round off bolt heads. If nothing else is available, they can also be used to transfer intense welding heat to the palm of your hand.

**FLU SHOT...**The seasonal flu vaccine protects against three influenza viruses that research indicates will be most common during the upcoming season. The [2010-2011 flu vaccine](#) will protect against 2009 H1N1, and two other influenza viruses (an H3N2 virus and an influenza B virus). The viruses in the vaccine change each year based on international surveillance and scientists' estimations about which types and strains of viruses will circulate in a given year. About 2 weeks after vaccination, antibodies that provide protection against influenza virus infection develop in the body.
